Parking

Onsite (FREE)

WE LOOK FORWARD TO WELCOMING YOU

- Please allow 2 hours for your first appointment.
- Dilating drops may be used to examine your eyes thoroughly. These will blur your vision for approximately 4 hours. Driving will be unsafe so alternate transport arrangements are recommended. Dark sunglasses will reduce discomfort in bright light.
- Bringing the following information to your appointment will help us care for you:
 - Medication list and health summary from your GP
 - Current spectacles
 - Medicare card, private health insurance details, DVA or pension card
